Your Video

The main purpose of this video is for us to get to know you, see your house, and find out why you deserve a home renovation. Everybody has a story to tell, and we want to learn what your story is. We want to see you speak from your heart even if it means being emotional when you tell us your story. We need to know what it is like for you and your family when times are tough and when the tough times make you strong.

What We Are Looking For:

- Only digital forms of video will be accepted. You can film and edit your video using a phone or camera. It does not have to be professional quality!
- Film the video in a landscape/horizontal view. (If you are using your phone, rotate it sideways.)
- Maximum length of video is 5 minutes.
- Avoid wearing clothing that shows logos.
- Make sure that all members of the household are present for the video and appear and speak on camera at least once.
- Once completed, upload directly to one of the services listed below. Include the link to the file in your submission email.
